STEP 2: CREATE A LOG IN

The first time you login you will have to create a profile.

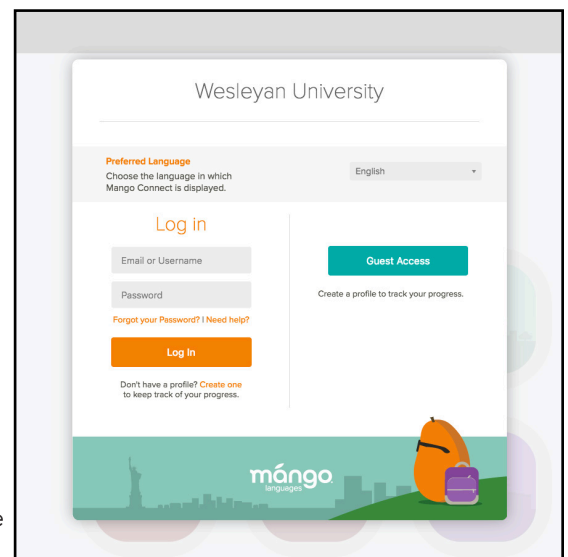

You will then be able to later login from any computer or using the Mango App.

Please use your @wesleyan.edu email address.

HOW TO ACCESS MANGO OFF-CAMPUS

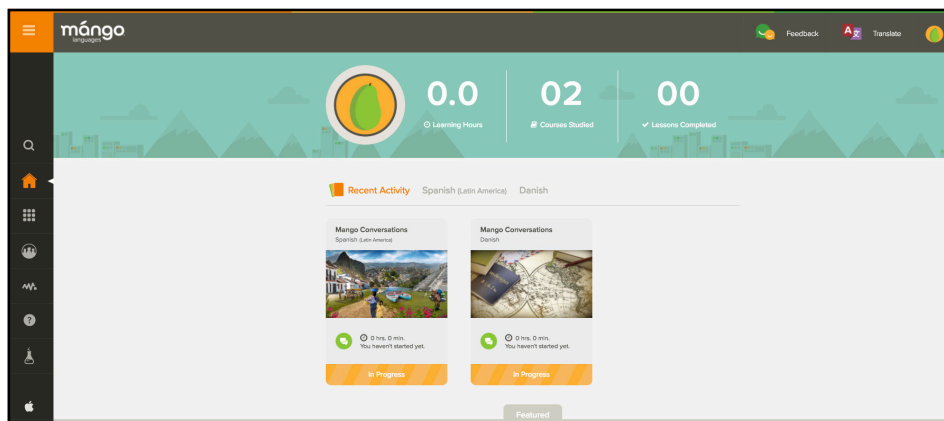

A virtual private network (VPN) extends a private network and the resources contained in the network across public networks like the Internet. It allows Wesleyan users to connect to the Wesleyan network from off-campus with a secure connection so the data being accessed is protected. The systems that require use of VPN for access from off-campus are marked within the Portfolio.

STEP 3: NAVIGATING THE HOMEPAGE

The homepage shows your activities on Mango Languages such as how many learning hours you have accumulated, how many language courses you have taken, and how many lessons you've completed.

STEP 4: CHOOSE YOUR LANGUAGE(S)

Mango Languages allows you to develop listening/speaking proficiency through dialogues and theme-based units (i.e. people, family, travel, activities, places).

STEP 5: COMPLETE MOODLE ASSIGNMENTS

Assignments must be completed by the end of the semester to receive credit.

This is a pass/fail course.
