Why I chose Wesleyan:
Wesleyan provided a space where I can continue my athletic career as well as quench my curiosity to learn about other people, the world, and myself. I realized that Wesleyan is the perfect place for me to spend the next four years of my life to have an amazing overall college experience while preparing myself to succeed for the rest of my life.

Why I want to be a tour guide:
I want to be a tour guide because I love meeting new people and exploring the various interests and activities that those individuals are intrigued about. As a tour guide, I feel that I am helping perspective students make an important decision about where they will be spending the next four years of their life. This is important to me because I feel that college is a place for academic, individual, and social growth, and it is necessary that a student chooses the best college to stimulate that growth.
