Meet Tess Williams ‘19
Chiang Mai, Thailand
Annie Wright Schools, 2015
jwilliams03@wesleyan.edu

Why I chose Wesleyan:
I knew I wanted to attend a liberal arts institution. As someone who moved countries 6 times and attended over 8 schools, the community I would find myself in for the next four years played a large role in my college decision. I wanted a place that would foster intellectual development while also pushing me to grow as a better person. Wesleyan provides that support as well as a collaborative environment that encourages my growth in and outside the classroom. I wouldn’t want to be anywhere else.

Academic Interests:
All over the place. Potential CSS major or Anthropology or MB&B.

Favorite class at Wes:
Principles of Biology

Current Classes:
- Principles of Biology II
- Principles of Chemistry II
- Econ 101
- Intro to Cultural Anthropology

Why I want to be a tour guide:
A first introduction to a school is important (especially when there are so many schools out there) and I want to play a role in a person’s first impression of Wes. People are fantastic here and I hope to give people a small insight in this quirky and loving community.

Outside the Classroom:
Extracurriculars:
- Board member on the AASC (Asian-American Student Collective)
- Wesleyan Refugee Project
- WesMaSS (Wes Math and Science Scholar)

Favorite Activity at Wes:
Walking to Usdan for breakfast each morning

Favorite moment at Wes:
Stargazing at the Observatory

Favorite movie(s):
90% of all things I watch are documentaries: Samsara, Going Clear, Hot Girls Wanted

Favorite song:
FWU by Kehlani
Every song written by Amy Winehouse

Fun Fact:
I have a goat named after Amy Winehouse
