

Preferred Supplier List

Wesleyan University's Procurement Office has established a number of long-term partnership with competitive suppliers and negotiated university-wide discount pricing agreements. To ensure that the University maximizes the every dollar amount of spend, faculty/staff and departments are highly encouraged to use our preferred suppliers whenever possible.

In addition, as the University is committed to developing mutually beneficial relationships with small, minority-owned, local businesses, we have built partnership with local and minority or women-owned businesses, which are included below. To support our university-wide efforts to promote supplier diversity, we encourage faculty/staff and departments to offer opportunities to such suppliers.

These relationships have been managed through regular meetings with suppliers, measurement of performance quality, and the follow up of any complaints.
