Learning Objectives

If you are the appointed Chemical Hygiene Officer (CHO) for your school or district, this workshop is a must! Learn about the responsibilities and liabilities of being the OSHA Chemical Hygiene Officer who oversees the science laboratories and employees in your school or district. A Chemical Hygiene Officer is the designated employee who is qualified by training or experience to provide technical guidance in the development and implementation of the provisions of the Chemical Hygiene Plan (CHP). The CHP and CHO are required by OSHA’s Laboratory Standard 29 CFR1910.1450. The objective of a CHP is to ensure that all employees who may be exposed to laboratory chemicals are adequately trained in the proper procedures for safer storage, handling, use, and disposal of those chemicals; understands the risks involved in working with chemicals in the laboratory; knows the procedures to follow to minimize exposure to laboratory chemicals; and knows the emergency procedures in case of a spill release or exposure to chemicals. A safer science laboratory can be achieved with proper engineering controls, standard operating procedures, and personal protective equipment.

This training program first reviews the responsibilities required and liabilities assumed by the Chemical Hygiene Officer. It then will focus on the Chemical Hygiene Plan and the CHO’s job description components which need to be addressed. The training program will also introduce other general safety topics that relate to the CHO position.

Participants will receive:
- An introduction to the responsibilities and liability of the Chemical Hygiene Officer.
- An review of Chemical Hygiene Officer job description components.
- Access to additional general safety topics relevant to the CHO position.

Summary

This training program will expose appointed or potentially assigned OSHA Chemical Hygiene Officers to their responsibilities and liabilities of overseeing science laboratories and employees in their school or district.

About the Instructor

Dr. Ken R. Roy

Internationally recognized lab science safety compliance specialist.

Dr. Roy is on staff at the Glastonbury Public Schools as Director of Environmental Health & Safety. He is trained as an authorized OSHA instructor. He serves as Chief Science Safety Compliance Adviser for the National Science Teachers Association (NSTA). He is the contributing safety editor/columnist for NSTA’s The Science Teacher, Science Scope, and Science & Children journals. Dr. Roy provides safety trainer/consultant services for CIRMA and CSSN.

As manager and senior consultant of National Safety Consultants, LLC, he provides professional services to educational, governmental and business communities in the areas of employee and employer risk management and safety compliance.

Directions

GREEN STREET TEACHING & LEARNING CENTER
51 Green Street, Middletown, Connecticut 06457

PARKING: City parking lots are available directly in front of the Green Street Teaching & Learning Center building and across the street. Street parking along Green Street and metered parking along Main Street are also available. Please park in marked spaces only. Do not park alongside the planters at the front of the building. The spaces near the front right of the building are reserved for staff.

From HARTFORD and Points North: Take I-91 south to Exit 22 for Route 9 southbound. At Exit 15, turn right onto Route 66 West (Washington Street), turn right onto Main Street. Green Street (one-way) is on the right. Forest City Spirits Shoppe will be on the corner.

From NEW HAVEN and Points South: Take I-95 North to I-91 North. At Exit 18, take Route 691/66 East. Route 66 becomes Washington Street in Middletown. Take a left onto Main Street. Green Street (one-way) is on the right. Forest City Spirits Shoppe will be on the corner.

From WATERBURY and Points West: Take I-84 East. Take Exit 27 to Route 691/66 East. Route 66 becomes Washington Street in Middletown. Take left onto Main Street. Green Street (one-way) is on the right. Forest City Spirits Shoppe will be on the corner.
