Wesleyan Guest Wireless connection procedure.

Apple
Please follow the procedure below for connecting to the Wesleyan Guest Wireless network.

Begin by selecting the AirPort icon in the upper right hand corner of your desktop.

Choose the *wes-guest* Profile

After you have connected to *Wes-Guest*, open a browser window.
(If you are prompted with a security certificate error page select “Continue”.)
You will be re-directed to the page below.

Complete the registration form with the required information, accept the terms of use, then select Register.
After completing the registration, at the next page, select “click here to log in”

Once you have received your credentials please go to the login page by clicking the following link.

**click here to log in**

*At this time, check your mobile device and/or email account for credentials*
The email and text message containing credentials will come from clearpass@wesleyan.edu

Welcome **New User**, your account has been created and is now ready to use.
