Dear First-Year Parents and Guardians,

By choosing Wesleyan, your student has become part of a rich tradition of intellectual inquiry—and career success.

As a parent, you are doubtless concerned about your student’s professional future. The Wesleyan Career Center exists to educate students and alumni in career management. We help them refine their interests, develop a plan for meeting their short and long term goals, and connect with industry professionals and graduate schools. We also recognize that career management is a skill set for a lifetime, one that will give our graduates a competitive advantage in an ever-changing employment marketplace.

The Career Center is located in a state-of-the-art building in the middle of campus, next to the Usdan University Center. We encourage students to engage with us as early as their first year. The Career Center is open every weekday during the academic year, offering drop-in meetings with Peer Career Advisors and scheduled one-on-one appointments with professional counselors.

For more information about our programs and resources, find us on the web at www.wesleyan.edu/careercenter, email careercenter@wesleyan.edu, or call us at 860.685.2180. We look forward to working with your student now and in the future.

Sincerely,
Sharon Belden Castonguay, Ed.D.
Director, Wesleyan Career Center
