Carryover MaxSM (COM)

- Allows members to carry over part of their unused annual maximum.
- To qualify you must have one cleaning or exam during the calendar year.
- You used up less than half of your Annual Maximum.
- You can carry over up to 25% of the unused portion of your regular annual maximum up to \$500 per year.
- The accumulated amount can never exceed your standard annual maximum.

The chart below is a three-year example of how Carryover Max is applied based on a member's standard annual maximum amount of \$1,000.

	Year 1	Year 2	Year 3
Your standard annual maximum amount	\$1,000	\$1,000	\$1,000
Carryover amount from previous year	N/A	\$150	\$150
Total benefit dollars available	\$1,000	\$1,150	\$1,150
Your total claims paid*	\$400 (less than \$500)	\$800 (more than \$500)	\$1,100** (more than \$500)
Cleaning or oral exam during the prior year	Yes	Yes	Yes
Carryover amount earned	\$150	\$0	\$0
Accumulated Carryover Max total available***	\$150	\$150	\$50

* If you use less than one half of your standard annual maximum, then you are eligible for Carryover Max.

** In year three, the \$1,000 standard annual maximum was exceeded, but the member had enough Carryover Max dollars accumulated (\$150) to cover the additional \$100 cost.

*** If you fail to see a dentist at least once during the benefit year for an oral evaluation (exam) or prophylaxis (cleaning) and submit a claim to Delta Dental for that service, your accumulated Carryover Max will revert to zero and you will begin another accumulation process.
