

SUPPORTING TRANS ATHLETES RESOURCES

- **What is the current process for students to change their chosen names on campus?**
 - Some members of the Wesleyan community are known by a name that is different from their legal name. Students, faculty and staff who wish to be identified by a preferred name can enter that name in the **Personal Information section of their WesPortal**. This preferred name will appear in most University systems. While anyone is welcome to use a preferred name, this option has been developed to respond to the needs of some international students, transgender people, and others who prefer to use a middle name or a nickname.
 - Students will be able to select a preferred name to be used in the online campus directory, class lists, grade reports, course schedules, Moodle, WesPortal, and WesCard (upon request). Legal names will always appear on all external reports and documents including, but not limited to, paychecks, accounts payable checks, student billing, and tax forms. Legal names can only be changed when students **pursue a legal name change with their home state and/or Federal authorities and then submit that documentation to the Registrar's Office.**

- **Where can students find all-gender restrooms on campus?**
 - Fifty-six of Wesleyan's 70 academic and administrative buildings currently have single-use "all gender" restrooms. The trans-inclusive signage below in Figure 1 should be installed on all of these restrooms (there are 178 single-use restrooms in these 56 buildings). Locations of these restrooms may be found [here](#)
